To Whom It May Concern,

I am writing this letter of reference in response to Mr. Amir Abbas Khalili's request for me to serve as his reference. I have known Mr. Khalili for the past three years as his teacher in two courses: Strength of Materials (II) and Theory of Structures (I) in the Department of Civil Engineering. He has consistently performed at the top of his class, earning an A in both courses and has demonstrated exemplary behavior.

As his professor, although the classes were virtual at the time of COVID-19, I have had the opportunity to observe Mr. Khalili's activity and interaction in class. I found him to be intelligent, curious, and hard-working. He is extremely honest, energetic, and tries his best to do the work properly.

I do not doubt that he will excel as a graduate student. Therefore, I strongly recommend him for admission to the graduate program at your university.

Sincerely
